## **An Open Letter to President Obama**

**Editor's Note:** Over the course of 36 years, Lou Pritchett rose from soap salesman to Vice President of Sales and Customer Development for Procter & Gamble, making corporate history as an agent of change in the way corporations do business. Pritchett is one of corporate America's living legends—an acclaimed author, dynamic teacher, and one of the world's highest-rated speakers. His presentations have inspired long-established Fortune 500 companies and upstart entrepreneurs alike. He has brought his message of corporate success to companies throughout the USA and around the world. The following is a letter to President Barack Obama, written by Mr. Pritchett. Snopes, the “truth checkers” for Internet users ([www.Snopes.com](http://www.Snopes.com)) confirmed that Pritchett is the author of the much-circulated “open letter.” Pritchett states, “I did, indeed, write the ‘You Scare Me’ letter. I sent it to the *New York Times*, but they never acknowledged or published it. However, it hit the Internet; and according to the ‘experts,’ it has had over 500,000 hits.”

Dear President Obama:

You are the thirteenth President under whom I have lived; and unlike any of the others, you truly scare me.

You scare me because after months of exposure, I know nothing about you.

You scare me because I do not know how you paid for your expensive Ivy League education and your upscale life style and housing with no visible signs of support.

You scare me because you did not spend the formative years of youth growing up in America and culturally you are not an American.

You scare me because you have never run a company or met a payroll.

You scare me because you have never had military experience; thus, you don't understand it at its core.

You scare me because you lack humility and ‘class,’ always blaming others.

You scare me because for over half your life you have aligned yourself with radical extremists who hate America, and you refuse to publicly denounce these radicals who wish to see America fail.

You scare me because you are a cheerleader for the ‘blame America’ crowd, and deliver this message abroad.

You scare me because you want to change America to a European style country where the government sector dominates instead of the private sector.

You scare me because you want to replace our health care system with a government controlled one.

You scare me because you prefer 'wind mills' to responsibly capitalizing on our own vast oil, coal and shale reserves.

You scare me because you want to kill the American capitalist goose that lays the golden egg which provides the highest standard of living in the world.

You scare me because you have begun to use 'extortion' tactics against certain banks and corporations.

You scare me because your own political party shrinks from challenging you on your wild and irresponsible spending proposals.

You scare me because you will not openly listen to or even consider opposing points of view from intelligent people.

You scare me because you falsely believe that you are both omnipotent and omniscient.

You scare me because the media gives you a free pass on everything you do.

You scare me because you demonize and want to silence the Limbaugh's, Hannity's, O'Reilly's and Becks who offer opposing, conservative points of view.

You scare me because you prefer controlling over governing.

Finally, you scare me because if you serve a second term I will probably not feel safe in writing a similar letter in 8 years.
